VI. Items for Discussion and Possible Action:

1. Discussion and possible action to require all employees, customers and members of the public to wear face coverings over their nose and mouth when in any of the career centers, including the mobile unit and other premises or when performing an activity which will require close contact or proximity to co-workers, customers, and members of the public at all times.

Ms. Villarreal provided information on the item as written (included on page 4 of the June 25 agenda packet).

Dr. Gleason moved to approve to require all employees, customers and members of the public to wear face coverings over their nose and mouth when in any of the career centers, including the mobile unit and other premises or when performing an activity which will require close contact or proximity to co-workers, customers, and members of the public at all times. The motion was seconded by Ms. Afuso and passed.

2. Policy #6.0.101.00 – Emergency Management Plan

Ms. Villarreal provided an update on the Policy #6.0.101.00 – Emergency Management Plan as amended (included on pages 5-7 of the June 25 agenda packet). Ms. Villarreal provided a COVID-19 Operational Processes – Emergency Management Plan Memo handout.

Mr. Owen moved to approve Policy #6.0.101.00 – Emergency Management Plan. The motion was seconded by Mr. De Los Santos and passed.

Ms. Bowen inquired if the CEO/President is unavailable to implement emergency measures do we have to list who would take over his place, like a secondary Emergency Management Coordinator.

Ms. Villarreal stated usually she signs contracts and fills in when he is unavailable or Ms. Lee. That Ms. Villarreal and Ms. Lee would make those decisions.

Ms. Bowen questioned if it is needed to be listed in the policy.

Ms. Villarreal suggested we could put President/CEO or designee in the policy.

Ms. Bowen stated she would feel comfortable with including President/CEO or designee in the policy.

Ms. Perez asked Legal Counsel, Ms. Garcia to address the issue.

Ms. Garcia stated Ms. Bowen presents a good suggestion. She believes that the policy in place currently allows the CEO to have a designee. Ms. Garcia mentioned to add it to the policy in her view just augments what is already the existing custom, practice and policy.

Ms. Garcia commended staff for being so visionary and thinking forward. Far ahead of some of our governmental officials and she is not critical of the governmental officials. Ms. Garcia included what

it speaks to her Workforce Solutions of the Coastal Bend's proactive plan to advocate for the best interest of the employees, the customers and the members of the public.

Ms. Villarreal and Ms. Perez thanked Ms. Garcia.

3. Policy #4.0.101.12 – Support Services Ms. Villarreal provided information on the Policy #4.0.101.12 – Support Services as amended (included on pages 8-19 of the June 25 agenda packet).

4. Policy #4.0.113.05 – OJT, Subsidized Employment and Customized Training Ms. Villarreal provided information on the Policy #4.0.113.05 – OJT, Subsidized Employment and Customized Training as amended (included on pages 20-26 of the June 25 agenda packet).

Ms. Keener moved to approve Policy #4.0.113.05 – OJT, Subsidized Employment and Customized Training. The motion was seconded by Dr. Gleason and passed.

Ms. Villarreal announced we have one northern center and southern center open every other week, which they are alternating. We are scheduling appointments for customers through Microsoft Bookings, for those that absolutely need to come in. Ms. Villarreal mentioned we know that job search requirements will be reinstated on July 6, as far as we know. She included obviously there is a little bit of hesitant right now in terms of getting out there. We do not expect Texas Workforce Commission to change or move that date. We know that customers are going to be looking for our centers and using our computers to do job search very soon. Ms. Villarreal stated we are trying to stay safe and keep our staff safe.

Ms. Perez thanked Ms. Villarreal.

Ms. Garcia recognized staff for a very good presentation, all the actions and the preventive actions that she thinks are necessitated under the circumstances. Ms. Garcia stated it is always a privilege and a pleasure to work for Workforce Solutions. Ms. Garcia thanked madam Chair.

Mr. Trevino expressed his appreciation for everyone's time. Mr. Trevino mentioned at the beginning of the meeting Ms. Villarreal really stated it well. All of this is centered around our customers, protecting our staff to the highest and best of our abilities. Mr. Trevino announced that to staff in an all staff call on last Friday. Mr. Trevino included it is really important to us that we make sure we do everything we can because he believes we have a moral responsibility there ahead of anybody else and not related to anybody else in the state that may be making the decisions. This is us, a private nonprofit. Mr. Trevino expressed his appreciation for the support from Legal Counsel. Mr. Trevino included as always; this decision was made in a team environment in consult with our Attorney.

Mr. Trevino expressed his appreciation and recognized Ms. Villarreal for doing all the heavy lifting on the memos and pulling all this together for us.

Ms. Villarreal acknowledged Ms. Alba and her team for their work on the policies.

Ms. Villarreal announced to Career Center staff and management on the call that the mask directive will go into effect tomorrow. Ms. Villarreal also asked that staff to please be aware if someone is coming in with a disability, that it is tough for them to have a mask on, we have to be cognizant of

Special-Called Board of Directors Meeting Minutes June 25, 2020 Page 4 of 4

that. She mentioned to make sure we put them somewhere where they can be further away from people if there are unable to maintain a mask. Ms. Villarreal asked for staffs understanding and compassion as we move through this and to not be so hard that we deter people from coming in.

Ms. Afuso questioned if we are going to review and update the sick leave policy to make sure we are covering it. She included if Workforce Solutions of the Coastal Bend could make sure to update the personal sick leave policy and the sick leave policy of the contractors to make sure sick people are not coming to work.

Ms. Villarreal added that Ms. Lee could speak to our 32 staff. As far as our contractor goes, we have been in communication with C2GPS about what they are doing. Ms. Villarreal believes everyone is using the direction of what the COVID-19 suggestions are from OSHA and what we are allowed to do as employers. Ms. Villarreal will follow up and make sure people have those things. She stated we are saying do not come to work if you are sick and we will work out whatever else we need to work out.

Ms. Lee stated for the board staff specifically we have done a series of two memos. One leading up to going home to work and one when we were thinking about needing to come back into the centers on a part-time basis. Ms. Lee included we specifically addressed the vulnerable population and had employees self-select if they were in that without disclosing specific medical or age information. Ms. Lee stated staff was assured that if they were in those populations or just needed to not be here for some reason maybe they have a vulnerable, someone in their household that they do not need to expose, etc. that we would work with their job duties and ensure that they could work virtually. Ms. Lee announced we have a few critical positions as in Facilities and IT that do have a little more obligations to the centers with people in them. She mentioned we set staff up on a rotation as much as possible and limit them if they do come into one of the centers that has an exposure. Then they have additional staff that can cover on the next week. Ms. Lee stated before employees can come back fulltime our policies will include a new COVID clause.

Ms. Perez expressed her appreciation and thanked everyone for joining this special meeting.

Mr. Trevino thanked madam Chair.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors Coastal Bend Workforce Development Board Corpus Christi, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Coastal Bend Workforce Development Board (a nonprofit organization), which comprise the statements of financial position as of September 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Coastal Bend Workforce Development Board as of September 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As described in note 2 to the financial statements, in 2019, the Board adopted new accounting guidance, FASB Accounting Standards Update No. 2016-14 (Topic 958), "*Presentation of Financial Statements of Not-for-Profit Entities*". Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards, as required by Title 2, U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the *State of Texas Single Audit Circular*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting such information directly to the underlying accounting statements or to the financial statements themselves, and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2020 on our consideration of Coastal Bend Workforce Development Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Coastal Bend Workforce Development Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Coastal Bend Workforce Development Board's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

September 30, 2019 and 2018

(1) Organization and nature of activities

On July 1, 1997, the Private Industry Council (PIC) of Corpus Christi/Nueces County and the Rural Coastal Bend Services Delivery Areas merged to form the Coastal Bend Workforce Development Board (the Board) to comply with the Workforce and Economic Competitiveness Act Chapter 2308 of the Texas Government Code (the Act). The Board was incorporated under the Texas Non-Profit Corporation Act for the purpose of implementation and development of workforce related activities and programs in the eleven county Coastal Bend region. The Board, through the partnership and the interlocal agreements with the Coastal Bend Chief Elected Officials Council, is designated as the grant recipient and the administrative entity for the workforce development area. The Board receives funding from local, state and federal sources, and must comply with spending, reporting and record keeping requirements of these entities.

(2) Summary of significant accounting policies

Financial statement presentation

During the fiscal year 2019, the Board changed accounting policies related to presentation of its financial statements by adopting FASB Accounting Standards No. 2016-14 (Topic 958), "*Presentation of Financial Statements of Not-for-Profit Entities*". Accordingly, the financial statements have been presented in accordance with the standard.

The Board classifies its financial statements to present two (2) classes of net assets:

- *Net assets without donor restrictions* include those net assets whose use is not restricted by donorimposed stipulations. Restricted grant proceeds or contributions whose restrictions are met in the same reporting period are reported as revenue without donor restrictions.
- *Net assets with donor restrictions* include net assets subject to donor-imposed restrictions that may or will be satisfied by the actions of the Board or the passage of time. The Board had no net assets with donor restrictions at September 30, 2019.

Basis of accounting

The financial statements of the Board have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Estimates

Management uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the report of revenues and expenses.

DRAFT

NOTES TO FINANCIAL STATEMENTS

September 30, 2019 and 2018

(2) Summary of significant accounting policies (continued)

Allowances for uncollectable

No allowance for uncollectable has been established. All receivables from the state and sub-recipients are deemed fully collectible.

Cash and cash equivalents

For the purpose of the statement of cash flows, the Board considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. This includes cash in bank, certificates of deposit, and money market accounts.

Revenue/receivable concentrations

The Board receives substantially all of its revenue from grants through federal and state agencies. Grant revenue is recorded by the Board as it is earned with the offset to a receivable. The Board does not recognize an allowance for bad debt, as all receivables are deemed collectable.

Functional expense allocation

Costs incurred by the Board in providing management and oversight of various programs have been summarized on a functional basis. Accordingly, these costs are recognized among the programs either as administrative or program and are distributed to the various funding sources based upon an established cost allocation plan on a monthly basis. Unassignable administrative and program costs are allocated to each grant based upon each grant's proportional share of total Workforce Center's expenses.

Fixed assets

The Board capitalizes property and equipment with a unit cost of \$5,000 or more and a useful life greater than 1 year for depreciation and financial statement presentation. Asset purchases under \$5,000 are expensed. The Board tracks property with a unit cost of \$500 or more to comply with internal policy. The valuation of the fixed assets is cost, if purchased, or fair market value, if donated. The Texas Workforce Commission (TWC) has an interest in all property purchased with TWC funds.

Income taxes

Income taxes are not provided for in the financial statements since the Board is exempt from federal income taxes and filing IRS Form 990 under Section 501(c)(3) of the Internal Revenue Code. The Board is not classified as a private foundation.

(3) Deposits and collateral

At September 30, 2019 and 2018, the total bank balances were \$1,089,846 and \$768,757, respectively. Bank balances of \$250,000 are covered by federal depository insurance. At September 30, 2019 and 2018, all of the Board's bank balances were covered by federal depository insurance as well as collateralized securities held by the pledging institution.

(7) Compensated absences

The Board employees are granted vacation pay in varying amounts based on length of service. Accrued unused vacation is paid upon an employee's termination. Compensated absences are charged to the applicable program when taken. The earned amount as of September 30, 2019 and 2018, was \$69,543 and \$101,158, respectively.

(8) Operating leases

Commitments under lease agreements for facilities provide for minimum annual rental payments as follows:

2020	\$ 364,154	4
2021	313,86	б
2022	295,62	7
	<u>\$ 973,64</u>	7

Rental expense for the year ended September 30, 2019 and 2018 was \$368,972 and \$364,660, respectively.

(9) Retirement plan

The Board provides employees the opportunity to participate in the Board's retirement plan. The plan is a 401(k) profit sharing plan. The Board's profit sharing plan and the provisions in this policy are subject to the rules and regulations of the Employee Retirement Income Security Act (ERISA) and the Internal Revenue Service. The vesting period for participating employees for contributions made before October 1, 2013 is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Benefits under the plan are based on the employee's vested interest in the value of his/her account at the time their benefits become payable as a result of his/her retirement or other separation from service or other distribution event. That value will depend on the contributions credited to their account and on the investment performance of the nest fund established to hold and invest those contributions.

DRAFT

NOTES TO FINANCIAL STATEMENTS

September 30, 2019 and 2018

(9) Retirement plan (continued)

Employees who have completed at least 1,000 hours of service within 6 consecutive months are eligible to participate in the 401(k) profit sharing plan.

Effective October 1, 2013 employees can make plan contributions up to the maximum allowed by the plan, not to exceed the IRS limits, and they can choose to make contributions before paying taxes and/or after-tax contributions through the plan's Roth 401(k) option. Employees may increase or decrease their contributions to the plan each payroll period. Employees are automatically 100% vested in their contributions and roll over contributions.

Coastal Bend Workforce Development Board will make a safe harbor matching contribution equal to 100% of the first 5% of eligible pay that the employee contributes.

More specific information on the retirement plan can be found in the summary plan description of the plan.

Existing and new employees, who have previously worked with any workforce organization (Board, One-Stop contractors, or TWC) within the State of Texas, shall be allowed to carry over their years of service earned at that organization to the Board's retirement plan. Contributions paid during the fiscal period were \$50,200 and \$49,396 for years ended 2019 and 2018, respectively.

(10) Economic dependence

Coastal Bend Workforce Development Board receives a significant portion of its revenue from pass-through funds of federal and state grants. The Board operated during the fiscal year under one major source of funds, the Texas Workforce Commission. The grant amounts are appropriated each year at the federal and state level. If significant budget cuts are made at the federal and state level, the amount of funds the organization receives could be reduced significantly and have an adverse impact on its operations.

(11) Contingencies

Individual grants are subject to additional financial and compliance audits by the grantors or their representatives. Such audits could result in requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. The Board's management is of the opinion that disallowance, if any, will not have a material effect on the financial statements.

(12) Subsequent events

Management has evaluated subsequent events through September 17, 2020, the date the financial statements were available to be issued.

On March 19, 2020 Texas Governor Greg Abbott issued an executive order to close non-essential businesses and schools due to the public health concerns related to the COVID-19 crisis. The result of this order will impact the economy and unemployment rates for the region that the Board services. The duration and intensity of these impacts on the Board's revenue sources will depend on future developments which cannot be forecasted or estimated at this time.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Coastal Bend Workforce Development Board Corpus Christi, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Coastal Bend Workforce Development Board (a nonprofit organization), which comprise the statements of financial position as of September 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated September 17, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Coastal Bend Workforce Development Board's (the Board) internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Coastal Bend Workforce Development Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

To the Board of Directors Coastal Bend Workforce Development Board Corpus Christi, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Coastal Bend Workforce Development Board's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the State of Texas Single Audit Circular that could have a direct and material effect on each of Coastal Bend Workforce Development Board's major federal and state programs for the year ended September 30, 2019. Coastal Bend Workforce Development Board's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Coastal Bend Workforce Development Board's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2, U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the audit requirements of the State of Texas Single Audit Circular. Those standards, the Uniform Guidance, and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Coastal Bend Workforce Development Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Coastal Bend Workforce Development Board's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Coastal Bend Workforce Development Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of Coastal Bend Workforce Development Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Coastal Bend Workforce Development Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Coastal Bend Workforce Development Board's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

XV. Board Policies Related Policies and Procedures

BACKGROUND INFORMATION

Board Professionals have reviewed and made recommended changes to each of the following Board Policies.

1. Policy #4.3.100.07 Child Care Eligibility

In June 2020, the Texas Workforce Commission (TWC) issued guidance informing Boards that they have the flexibility to implement local transfer policies, in accordance with TWC rule §809.13 (c) (10), specifically, that Boards may implement a transfer policy specific to COVID-19 infection, or a transfer policy that more broadly applies to all parents.

2. Policy #4.0.109.02 Credentials

Updated Section II of board policy to align language with the current Workforce Innovation and Opportunity Act (WIOA) Guidelines for Adults, Dislocated Workers, and Youth, Effective April 3, 2020. These guidelines further define: Credentials, Certificates, Certifications, and Licenses.

Updates made to Section V. Related Policy Information, reflecting WIOA latest issued guidance.

2. Policy #4.0.115.06- Program Non-Compliance.

Board policies are to provide board expectations in accordance with the Texas Workforce Commission's (TWC) rules and guides and not a repeat of TWC language. For this reason, deletions were made to the Choices and SNAP E&T sections and changed to board guidance.

In addition, TWC revised the Supplemental Nutrition and Assistance Employment and Training (SNAP E&T) Guide based on legislative changes. Board policy was revised to add changes to Timely and Reasonable attempt which allows a SNAP E&T recipient a 3 day grace period during their 7 day timely and reasonable period to be considered in program compliance and a penalty cannot be initiated.

3. Policy #4.1.105.01-Apprenticeship Training Programs.

Updated terminology used in board policy to reflect ETPS (Eligible Training Provider System) to ETPL (Eligible Training Provider List).

Added Language to Include:

- "Designated person" to be added for approving exceptions for participant's maximum limit and duration in the program.
- Added language to Section III. Policy Statement to include WD Letter 17-19 that states Registered Apprenticeships are to be automatically included onto the ETPL.

- Added language to for virtual services for Career Center professionals to discuss participant's financial status. Previous statement stated that this meeting would be conducted in person.
- Made general updates to Section V. Related Policy Information to reflect current TWC guidance.

4. Policy #4.0.101.13-Support Services.

Updated board policy to add Short-Term Educational and Work Readiness Services (STEWRS) as allowable services for individuals seeking to upskill or prepare for entry to unsubsidized employment or increase employability.

Eligibility and documentation for child care shall be dependent upon the specific eligibility requirements of the program that the parent is enrolled in (e.g. SNAP E&T, WIA, CCDF, and other workforce programs funded by the Commission).

Certification or Training Programs

Parents participating in and attending a certification or training program at a community college or proprietary school must **complete** their chosen certification or training program's course requirements within that program's designated timeframe, i.e. one year, 18 months, or two years.

The one exception to this requirement is if the eligible child's parent is enrolled in an associate's degree program that will prepare the parent for a job in a high-growth, high-demand occupation (also known as "in-demand or target occupation") as determined by the Board. The eligible child's parent must inform the child care contractor of his/her enrollment in a high-growth, high-demand occupation associate's degree program upon initial eligibility determination for child care services.

Parents enrolled in a Board identified high-growth, high-demand occupation <u>training or</u> <u>certification program</u> will be allowed to receive child care services for <u>up to a maximum of</u> four years.

Parents who have just begun their current educational program (are in the first year of a four degree program) and who are in their initial eligibility determination for child care services may receive child care services for *up to a <u>maximum</u> total of five (5) years or 130 college credit hours (whichever is obtained first)*.

Parents whose GPA falls below a 2.0 shall be given one semester/quarter to reestablish the 2.0 GPA. Based on extenuating circumstances a waiver of one semester/quarter enrollment may be granted with prior approval of the Board.

• the Contractor shall enter the child's_name onto the Wait List in the automated system. Parents must update their Wait List application every sixty (60) days to remain on the wait list.

Written Acknowledgement

Parents must sign a written acknowledgement indicating their understanding of the attendance standards and reporting requirements at each of the following stages:

- a. Initial eligibility determination
- b. Each eligibility redetermination

Income Requirement:

The Board is aware that unless otherwise required by federal or state law, a family's monthly income for purposes of determining eligibility and the related parent share of cost includes all income sources that are not excluded under section D-106 (see rule §809.44). Families whose income remains at or below the established income limits may continue to receive funded child care as long as the family remains eligible and funds are available.

Income and Family Size for Teen Parents

A teen parent's family income is based solely on the following:

- The teen parent's income
- The size of the teen parent's family as defined in section D-100: Eligibility for Child Care Services (see rule §809.50).

Transfer to Another Eligible Provider

- A parent may request a transfer to another eligible provider in writing or can submit the request over the phone.
- Transfer requests, in writing or by telephone, must be made within **14 calendar** days of the date of the notification. Due to the infectious nature of COVID-19, effective immediately, if a child care facility closes due to an exposure or possible exposure, parents and children participating in the Child Care Development Fund (CCDF) Child Care Services (CCS) Program are required to complete a *mandatory two-week (14 day) waiting period* before a transfer request to a "new" child care provider will be granted.
- There are two types of transfers; voluntary and involuntary.

A voluntary transfer request is a request <u>by the parent</u> to simply change providers. The parent <u>must not</u> be delinquent in the payment of parent share of cost fees to the current

_____provider. If the parent owes parent share of cost fees to the current provider, *the transfer* <u>will not</u> be granted until the parent has paid the current provider the parent share of cost <u>_____fees owed.</u>

An involuntary transfer is a transfer request from the <u>current provider</u> whereby the current provider wants the child removed from their child care center due to safety reasons. This type of transfer will be granted.

• If during the 14 calendar days, the parent requests to transfer the child because the provider is on corrective or adverse action, then the transfer **must not** be counted against the parent under the Board's transfer policy.

If a child met all of the applicable eligibility requirements for child care services on the date of the most recent eligibility determination or redetermination, the child is considered eligible and will receive services during the 12-month eligibility period, regardless of any of the following:

•

- Changes in family income, if the family income does not exceed 85percent of the state median income (SMI) for a family of the same size.
- Temporary changes in the ongoing status of the child's parent as working or attending a job training or education program (as described in Section D-801).

Unreported Cessation of Work, Education, or Job Training

A permanent cessation of work, education, or training must be cause for termination of care. In this situation, child care must continue for a minimum of three months or up until the scheduled redetermination if sooner, to allow the parent to resume participation in an activity.

If a parent fails to report a cessation of work, education, or job training, but the discovery is made after the parent has already resumed participation in work, education, or job training, then care should continue.

If a parent does not report a permanent cessation of work, education, or training that has already exceeded three months and the Board contractor discovers that one has occurred, care must be terminated with proper notice to the parent. Prior to making a determination to end care, however, the Board contractor must verify that the parent has not resumed participation in any activity at any level. Unreported interruptions in participation exceeding three months are subject to fraud fact-finding.

If a parent has a temporary interruption in work, education, or job training activities child care will not be suspended for more than 90 calendar days from the documented effective date of the interruption of these activities.

Suspensions of Care During Interruptions in Activities

Suspensions of child care services during interruptions in parent's work, training, or education status is allowed **only** at the parent's concurrence. Parents may request one suspension per quarter (once every three (3) months) during the child's eligibility or redetermination eligibility period. These suspension(s) must not exceed one week in duration.

I. PURPOSE:

To establish credentialing criteria.

II. DEFINITIONS:

Credentials, Certificates, Certifications, and Licenses

TEGL 17-05 clarifies that the term credential is all encompassing and includes degrees/diplomas and certificates

<u>Credential is an all-encompassing term used to describe any type of traditional or</u> nontraditional award within the context of education, training, workforce, and employment development. Credentials are awarded by third-party entities that have relevant authority to issue such credentials after individuals demonstrate proficiency or competency in an occupation or field. Credentials can be earned from a variety of sources, including, but not limited to, educational institutions, industry associations, and government agencies.

Certificates are awarded by independent education and training providers associated with specific programs of study, or educational institutions, such as universities, resulting from education focused on one topic (but separate from a degree program). Course content is developed by faculty committees, academic leaders, and instructors, or occasionally through defensible analysis of the topic area—that is, course content and subject matter that can be justified, through testing that leads to certification, and is taught by an instructor for a particular purpose or benefit to an individual. Certificate programs are generally created, taught, and assessed directly by the provider of a program. A certificate demonstrates an understanding of course content at a specific period in time, demonstrates proficiency through provider-administered exams, and is often listed on a résumé as evidence of knowledge for prospective employers. While obtaining a certificate generally signifies the

POLICY TITLE: Credentials POLICY NUMBER: 4.0.109-.0202 Date: 4/27/2012 9/18/2020 Revision: 08/28/20149/03/2020

end of the instructional program, earning a certificate may also provide a gateway for achieving a degree.

Certification is a type of nontraditional award to an individual that demonstrates proficiency and knowledge, through examination, in a specific industry or trade. Obtaining a certification award is not dependent on any actual education or training program. Instead, evaluating candidates for certification relies on independent, third-party professional and industry-based groups. These national organizations develop and maintain relevant proficiency standards that are assessed and sanctioned by industry-approved examinations facilities, independent of any educational institution or training program. Certifications often have an expiration date, requiring individuals to participate in continuing education or reexamination to stay current. Additionally, certifications are not associated in any way with higher education or degrees and typically require that the potential recipient have some level of professional experience before beginning the process.

Upon earning a certification, professionals often receive a designation to use after their names to differentiate experienced, certified professionals from their peers. After initial certification, the awarding organization requires proof of continuing education (often called continuing education units, or CEUs) to ensure that the professional standards are maintained. Examples of certifications include, but are not limited to, the following:

pprofessional project management;
 rdesktop support administration;
 epersonal fitness training;
 eweb design and development; and
 ecertified clinical medical assistant.

• License is a type of nontraditional credential that is generally awarded by a governmentregulated agency. Licenses are granted by federal or state government, but usually by state government, and they are mandatory for professional practice in their jurisdiction. A license is more heavily regulated and restrictive due to its governmental association, and it signals that an individual has completed or achieved certain standards. Licenses are often required for health, public education, legal and financial careers. Some examples of occupations that require an individual to have a valid license include plumbers, electricians, real estate brokers, and nurses

<u>. Credentialing</u> -A valid process for upgrading and developing skills that lead to, enhance, advance, and or assist in obtaining or retaining employment.

Credentials - Encompasses degrees/diplomas, and certificates.

Degree/Diploma any credential that the state education agency accepts as equivalent to a high school diploma. The term diploma also includes postsecondary degrees including associate (AA and AS) and bachelor degrees (BA and BS).

I. PURPOSE:

Apprenticeship Training is an activity and service established by Workforce Solutions of the Coastal Bend for the purpose of providing apprenticeship services to eligible Workforce Investment Opportunity Act (WIOA) <u>Aa</u>dults, <u>Dd</u>islocated <u>Ww</u>orkers, and Out Of School Youth (OSY)._-From time to time other funding sources such as National Dislocated Grants may also be used to fund apprenticeship activities. —Establishment and uses of apprenticeship training is governed by WIOA Rules.

WIOA provides workforce activities that increase employment, retention, and earnings of participants. WIOA provides an opportunity for the workforce system to expand its business base and offer job seekers greater employment prospects while offering employers a strategic approach to talent development.

It is mandated for all registered apprenticeship programs consist of the following five core components- direct business involvement, OJT, related instruction, rewards for skills gain and a national occupational credential.– Reference: Department of Labor (DOL)- TEGL 13-16, issued January 12, 2017.

II. DEFINITIONS:

Registered Apprenticeship- authorized by the National Apprenticeship Act of 1973; in conjunction with State Apprenticeship Agencies which are required to meet federal and state standards, issuing certificates of completion to apprentices, encouraging the development of training programs and protecting the safety and welfare of apprentices, and assure programs provide high-quality of training.

Participant - An individual who has been determined to be eligible to participate in and who is receiving services under a program authorized by WIOA.

Policy Title: Apprenticeship Training Programs Policy Number: 4.1.105.0<u>1</u>0 - Service Provider - An individual or organization under contract with the Board that provides training or professional services in support of workforce activities (administrative and operational) conducted by or on behalf of the Board.

III. POLICY STATEMENT

All training for which apprenticeship activity is provided must be listed in the Eligible Training Provider ListSystem (ETPLS). Due to the rigorous application and vetting process by the Office of Apprenticeship within the US Department of Labor Employment and Training Administration (DOLETA), all registered apprenticeship programs are automatically eligible for the statewide ETPL. [CKC1]Additionally, consistent with the Board's Business & Strategic Plan, customers must be interviewed and assessed to ensure the provision of apprenticeship services are justified within the individual's employment plan.

Apprenticeship services may be provided regardless of whether the individual has received basic or individualized career services first; there is no sequence of service requirement.

WIOA Funding

It is important to emphasize that, under WIOA; the opportunity for an individual to enroll in an apprenticeship program does not rely exclusively on the availability of WIOA training funds. In all cases, the resources of partners as well as federal, state, local, and personal funding sources must be taken in account in the development of the individual's employment plan. WIOA funding for apprenticeship training is limited to participants who are unable to obtain sufficient grant assistance from other sources to pay the full costs of training.

However, WIOA funds cannot be used to pay training costs:

- For any portion or term of training for which the participant has signed a loan as part of financial aid; or
- That were paid by the participant (or <u>otheranother</u> source) prior to WIOA program registration.

Apprenticeship training for WIOA eligible participants will be limited to those occupations for which there is a demand in the Coastal Bend and appearing on the Target Occupation List.

A waiver may be given to training in occupations that are not listed on the Board's Targeted Occupations List, but are determined to be in sectors of the economy which have a high potential for sustained demand or growth, <u>if the following criteria are met</u>:

 Written evidence from employers that confirms projected annual openings for the occupation at a level equivalent to the Board's current annual opening criteria for targeted occupations;

Policy Title: Apprenticeship Training Programs Policy Number: 4.1.105.01.0 -

- 2) Written evidence from employers that verifies completers of the training will be paid at a wage that is in compliance with the Board's current wage criteria for targeted occupations; and
- 3) Written evidence that the skill set which will be acquired through the skill training meets current skill needs of Coastal Bend employers.

Apprenticeship Limits

The lifetime limit of an apprenticeship is \$7,000 per program participant.– The use of apprenticeship funds is limited to tuition expenses, fees, and supplies as are required by the registered apprenticeship for any WIOA Eligible Participant enrolled.

The length of apprenticeship training and skills and competencies required for mastery are set by the registered apprenticeship and industry. A copy of the approved apprenticeship curriculum must be included in participant file. —Traditional Registered Apprenticeship programs are time-based and require a specific number of hours of on the job learning and related instruction.

No participant can be enrolled for more than two and one half (2½) academic years (5 semesters, 4 summer sessions, 10 quarters or 7 trimesters).- Exceptions to these limits may be made on a case-by case basis.- However, exceptions to the maximum limit and duration of an apprenticeship must be submitted to the President/CEO or designated person ckc2 of Workforce Solutions of the Coastal Bend with well documented justification for approval. Requests for an exception must include evidence that supports that all efforts were made to identify, secure, and use other financial resources prior to seeking WIOA funding.

Changes to the apprenticeship training will be allowed as long as the change is in line with the individual's employment and career path and is approved by the WFSCB Career Center Manager. The request for change to the training program must be justified and properly documented. Participants who change apprenticeships plans must provide a revised apprenticeship plan, which demonstrates <u>theirhis/her</u> ability to complete the apprenticeship within the original time period. The change must be consistent with assessments, FEP/ISS, <u>in</u> demand target occupations, skills and aptitudes of the student. Additionally, the new apprenticeship of must be on the state approved training provider/course list. A limit of one (1) apprenticeship change will be allowed on each participant.

IV. PROCEDURES:

The participant's case file must contain a determination of need for apprenticeship services as identified in the Family Employment Plan/Individual Services Strategy (FEP/ISS), comprehensive assessment. WIOA removed the sequence of service requirement established under WIA.

Prior to enrolling a participant for any apprenticeship service, a <u>C</u>ease <u>M</u>manager must develop with the participant a Family Employment Plan/Individual Service Strategy (FEP/ISS). The FEP/ISS is used to develop an employment objective for the participant and a plan of action, including appropriate training, to achieve that objective.

The FEP/ISS must identify the occupation in demand that will be pursued and the required skills competency level associated with the apprenticeship service. In addition to the FEP/ISS, documentation supporting the participant's eligibility must be maintained in the participant's case file._-The documentation must support the fact that the apprenticeship is needed in order for the participant to gain the appropriate level of skills for employment at a self-sufficient wage. If apprenticeship services are identified as an appropriate and necessary step toward achievement of employment for the participant in an appropriate occupation included on the Board's targeted occupations list the customer can choose the appropriate registered apprenticeship from among those in the Eligible Training Provider ListSystem (ETPLS).- This determination that the apprenticeship identified and selected will provide the participant an opportunity to an appropriate level of employment at a self-sufficient wage must be supported by documentation in the participant's case file.

To help ensure that participants will complete their apprenticeship, the participant will be required to demonstrate that they have the adequate resources to sustain themselves and/or their family during the training period without the use of student loans.— —As per DOL guidance, apprenticeships earn a wage from day one.— It is imperative for WFSCB Cease Mmanagers to work with a participant on budgeting since some income will be coming in-to the household; unlike some other types of training where employment and/or earning wages is not part of training component.

The WFSCB <u>C</u>ease <u>M</u>manager will work with the customer to identify the resources that are needed and all resources that are currently available to pay for apprenticeship cost(s), including the customer's financial resources, federal, state, and local grants and programs. All resources must be identified. Pell Grants and other financial resources will be combined with WIOA funds to cover total apprenticeship expenses; WIOA funds will be considered the last resource of funds.

Taking into account the cost of the apprenticeship as shown in the ETPLS, as well as other resources available to the participants, such as the GI Bill, other assistance from the Veterans Administration, Hazelwood Act, Texas Grant Monies, assistance from the Vocational Rehabilitation Services (VRS) and other such agencies, private scholarships, Pell Grants and others, an apprenticeship is created for the participant.- A determination of apprenticeship cost is determined by workforce staff, processed by the set fiscal protocols for payment to the registered apprenticeship.- The cost must be sufficient to cover the cost of training, as identified in ETPLS, less the sum of other resources available to the participant.- All payments made to registered apprenticeship costs associated with apprenticeship and the balance remaining from the Bboard's apprenticeship cap limit of \$7,000.00, must be documented in the participant's case file and entered into TWIST. At no time should participant's apprenticeship cost should be

Policy Title: Apprenticeship Training Programs Policy Number: 4.1.105.0<u>1</u>0 -

Effective Date: <u>September18</u>December <u>4</u>15, 2<u>020017</u> Revision Date: <u>September 3, 2020N/A</u> exceeded without the signed approval of the Career Center <u>M</u>manager, based on welljustified and documented good cause.— Expenditures made in excess of the apprenticeship board cap limit, without Career Center <u>M</u>manager approval based on well-justified and documented good cause may not be reimbursable to the service provider.

In some <u>cases_cases</u>, actual cost of apprenticeship may be less than the amount of indicated on ETPLS; in such a case is not money owed to the participant. In all cases, unused balances should be "zeroed-out" as soon as it is determined that there is an excess. On the other hand, if actual costs exceed the training costs as stated in the ETPLS, <u>Cease Mmanagers</u> must request approval from the Career Center <u>Mmanager</u> for an adjustment in the apprenticeship amount. Changes to apprenticeship amount must include evidence that supports the requested increase, e.g., the ETPLS training detail print-outs that reflect the differences between both costs.

Participants are not limited in time by the certification and expiration dates included in provider's ETPLS certification.- The two and one_-half year $(2\frac{1}{2})$ ITA time limit may be extended for participants who are enrolled in apprenticeship. However, any extensions of time beyond the 2 $\frac{1}{2}$ year apprenticeship time limit must be approved by the Career Center Mmanager and handled on a case-by-case basis.

A statement that payment of apprenticeship cost is subject to the availability of WIOA funds should be included in every participant case file and counselor notes. Additionally, a statement should also be added that apprenticeship costs may not be used for payment of late fees, fines, or penalties caused by participant error or delay.

Participants enrolled in apprenticeship services are expected to:

- attend classroom instructions and/or on the job learning activities regularly,
- have contact with their <u>Cease Mmanager</u> on a monthly basis to identify all problems that might affect their successful completion of apprenticeship and
- to coordinate apprenticeship entry requirements with actual registered apprenticeship.

Career Center professionals must inform customers that although any financial aid awarded is for a specific amount of money, individual vouchers will be issued to registered apprenticeship as agreed upon with WFSCB; on an interim basis, e.g., onetime upfront payment, month to month. Before a new voucher is issued, Career -Center professionals will meet with the participant to re-assess and update student's financial status. These meetings are to be conducted in person[ckc3] or virtually when deemed appropriate and necessary. By re-evaluating the participant's financial status, the Career- Center professionals may use this information to help assess the customer's ability to contribute toward paying for requested services. Additionally, the Career Center professionals may recommend other outside resources to pay for needed training and/or supportive services. The determination as to whether a customer receives another voucher for the requested services depends upon the results received from this evaluation process. A change in the student's financial condition may affect <u>theirhis/her</u> level of financial support.– Participants are expected to demonstrate progress in their apprenticeship their and to request tutorial assistance if needed from the registered apprenticeship's director and or registered apprenticeship authorized representative of instruction and to supply their progress reports to their case managers as they are received. These policies and expectations must be reflected in a Participant Service Agreement developed by the Career Center service provider.

Service Provider Responsibilities

The Career Center service provider will be responsible for the development of the following procedures in the application of the WIOA Adult, Dislocated Worker, and OSY training services provided through an apprenticeship:

- Written procedures for timely data entry of apprenticeship information into TWIST and other board approved tracking data bases such as Gazelle (program eligibility, agreements, verification of participant's enrollment into a registered apprenticeship, financial assistance, funding sources, transaction amounts, balances, etc.)
- A process for tracking and documenting all resources paying for the participant's apprenticeship including WIOA Title I funds to ensure non-duplication of payments.
- Internal procedures for the issuance of financial support services including method of
- disbursement of funds and authorization for approval with Participant Agreement forms (cash reimbursement, lines of credit, etc.).
- A process for documenting how other sources of funding were sought and/or how they apply to the cost of a registered apprenticeship.
- The internal procedure for the issuance of a check request. This must include identification of those individuals who are required and authorized to approve/sign apprenticeship costs. It must also specify the use of Participant Agreement forms.
- A process on how apprenticeship and financial assistance policies and procedures will be disseminated to participants of the WFSCB Career Center in simple, concise, <u>and</u> understandable language.
- A process to collect and coordinate the documentation of participant enrollment and attendance, progress reports, and case management contacts required during entire apprenticeship.
- A process for providing the following to participants:
 - Labor market information on targeted in_demand occupations and related skill standards/skill competencies of eligible program for which an apprenticeship may be issued; <u>a</u>Access to the list of eligible certified training providers through the ETPLS; and

Policy Title: Apprenticeship Training Programs Policy Number: 4.1.105.0<u>1</u>0 -

- On-going information on the status of their individual apprenticeship costs.
- Report apprenticeship costs and balances by participant to the Board on a quarterly basis and

The Career Center service provider will also be responsible for the following:

- Assisting participants in applying for any financial aid that would cover expenses associated with apprenticeship.
- The Career Center will be responsible for ensuring that Board funds purchase required tools, books, supplies, uniforms, etc.
- Conducting financial tracking for each service on the Financial Client Management System.

I. PURPOSE:

This policy provides guidelines to be followed in administering support services for all Board programs. These guidelines are intended to ensure consistency and fiscal accountability for the management of workforce services and programs.

I. DEFINITIONS:

Reasonable costs – A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstance prevailing at the time the decision was made to incur the cost. The question of reasonableness is particularly important when governmental units or components are predominately federally-funded.

III. POLICY STATEMENT:

<u>General</u>

Support Services are to be used as a means to assist individuals in obtaining employment and are solely intended for that purpose. All expenses must be reasonable and necessary to assist a participant in achieving the goals of his or her Individual Employment Plan (IEP). Support services are provided to individuals who have barriers to education and training, obtaining, retaining, or advancing in employment, and who require additional assistance to enable them to participate in work-related activities. Provision of services is subject to availability of resources and funding. Support services are coordinated with the employer, when appropriate.

Support services may be provided to eligible and active job seekers enrolled in workforce programs or other special initiatives such as Workforce Innovation and Opportunity Act (WIOA), Choices for Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program Employment and Training (SNAP E&T), Non-Custodial Parent (NCP) Choices programs, and National Dislocated Worker Grants(NDWG).

The need for support services shall be determined by an ongoing assessment with a support services plan that addresses the need(s), referrals for community services, activities for which the support service is being provided, an estimate of the amount of total funds needed, and the length of time support services will be provided.

Requests for support services shall require a budget worksheet depicting the current financial situation of the individual and shall include an assessment of all financial resources available to the individual including, but not limited to; Pell grants, student loans, scholarships, household income, Medicaid, SNAP E&T, and other sources of assistance. Counselor Notes will state how the determination to issue support service was made; information from budget worksheet must support the counselor note entry.

A Support Service designated as a One-Time Expense is defined as a single payment/purchase, no greater than the established maximum amount, and received once in a twelve-month period.

Resource and Service Coordination

Board funds will be considered a last resource for providing support services. Contracted Service Providers must ensure that support services are not available through other agencies and that they are necessary for the individual to participate in Board funded programs. The Contracted Service Provider must establish linkages for referrals to other community partners <u>prior</u> to using program funds. The Contracted Service Provider must establish procedures addressing coordination with other entities to ensure non-duplication of resources and services and follow up that individual needs were met.

Contracted Service Providers will maintain a complete up-to-date list of services available in the community and make the list available to all individuals. Referrals are to be made, as determined appropriate, to include low-income housing, application for Health and Human Services Commission (HHSC) benefits, low-cost medical assistance, substance abuse treatment, vocational or physical rehabilitation, and other needed services.

Allowable Support Services

The Support Services limits on amounts and duration allowable by the Board are found as an attachment to the policy. This includes limitations on co-enrolled TAA and WIOA Dislocated worker – funded support services as per WD letters referenced in Section V – Related Policy Information.

For NDWG, WFSCB reserves the right to implement a support service schedule to quickly implement programs and extend support services to the affected eligible populations and communities named on the specific NDWG. The President/CEO will approve the NDWG support service schedule which may include adjustments to limits on amounts and frequency of allowable support services.

The President/CEO may also approve allowable support services to be adjusted on limits for amounts and frequency during a declared health pandemic, economic condition/crisis, or a natural disaster, for program eligible participants.

Car Repairs - Car repairs will be approved <u>only</u> for repairs that would allow a vehicle to be operable and safe to drive. Repairs may include: replacing worn out tires, brakes, batteries, and other essential parts. A guideline to consider in evaluating these repairs is those that are essential for passing a vehicle state inspection. Additionally, one-time maintenance checks for oil and filter

change or wheel alignments may also be allowed. Included also under allowable repairs is a diagnostic check for the evaluation of the repairs that are needed and towing charges, if the vehicle is inoperable. The towing charge may be deducted from the actual repairs if the towing is provided from the same vendor or garage conducting the diagnostic check.

Vehicle repairs are not intended for major repairs such as: replacing air conditioning compressors or major engine/transmission overhauls.

The following rules will be adhered to in request for approval of payment(s) for vehicle repairs:

- Documentation from a vendor that repairs requested are needed for the vehicle to be operable and safe;
- Verification of ownership of vehicle;
- Prepayment is prohibited;
- Payment will be paid directly to vendor after completion of repairs and receipt of invoice;

- Proof of issuance of current auto insurance

If the vehicle is owned by another individual, the following safeguards must be in place:

- Before inclusion of the vehicle's use in an IEP, a signed statement indicating that the participant has use of the vehicle for employment-related purposes, along with a copy of supporting ownership documentation, must be provided; and
- Before repairing a third-party vehicle, a hold harmless agreement or other protection is signed by the vehicle owner and maintained in the participant's case file.
- Proof of issuance of current auto insurance for owner of vehicle and participant

Certificate of General Equivalence (GED) Testing Payments – The cost of GED testing and certificate is paid through direct payments to the GED test centers and the Texas Education Agency (TEA). Prior to approval of payment, verification will be obtained from the educational provider that the individual is ready for testing.

Child Care - Child care services may be provided to income eligible families who need child care to support their participation in education or work activities as defined in the TWC rules and Board approved Child Care Policies.

Training or Education-Related Expenses - Actual costs of the <u>required items</u> to participate in education and training are allowable and should be listed on the degree plan or syllabi. Such item(s) include uniforms/clothing, equipment/ supplies/tools, drug tests, exams, licenses, certifications, TASP/other exams for admission.

Short-Term Educational and Work Readiness Services (STEWRS)- Actual Costs to prepare program eligible participant for unsubsidized employment and increase employability. Short-Term is defined as six months or less. These services may be provided by an approved vendor identified via a set protocol by the board professionals such as a Request for Application (RFA) process. The RFA process will require approved vendor(s) to be active and in good standings with TWC's Career Schools & Colleges at all times. Those vendors in an "exemption" status will not be considered. The approved STEWRS vendor list will list: services cost, length, enrollment contact, location of POLICY TITLE: Support Services POLICY NUMBER: 4.0.101.132 REVISION: 06/2509/17/2020

services, in person, hybrid or virtual services, type of a credential, certification, and skill to be obtained. Allowable maximum cost will be actual cost reflected on approved vendor list. Justification for these types of services must be justified and evident in counselor notes, TWIST Tracking, and support services documentation. Career Center Staff must not deviate from approved vendor list limits. STEWRS may be provided as a One-Time Expense, which is defined as a single payment/purchase, no greater than the established maximum amount, and received once in a twelve-month period.

Transportation - Transportation services are provided via the most economical means available. Public transportation agencies or other providers who have contracts or agreements with the Board and/or Contracted Service Providers and are cooperating with efforts to create a regional transportation system should have first priority. In determining the proper use of transportation services, Contracted Service Providers must evaluate the individual's need for transportation services and act prudently in determining the best method or option in terms of availability and cost. Contracted Service Providers shall first look at public transportation as the primary means for transportation such as bus tokens or bus passes. However, if other options are considered such as ride-sharing services, taxi cabs, car pools, and van shuttles (if necessary for large groups), contractor must include supporting documentation justifying the non-use of public transportation. For example, cases may exist in an emergency or in special circumstances where public transportation cannot meet the individual's needs, such as working late nights or weekends when public transit is not available, or living in remote areas lacking public transportation. Essentially, proper screening of transportation needs must be performed and the latter options used as the last resort.

Car pooling of two or more participants as a means for transportation is encouraged. Each rider may receive a travel allowance and he/she would be responsible for paying the driver.

Other services that fall under the allowable transportation costs include: fees for obtaining a driver's license, state vehicle inspections, auto insurance and a State Issued Identification Card.

Individuals between 18 and 24 years of age are required to complete a driver education course and present the original certificate of completion at the driver license office when obtaining their driver license for the first time. Customers who can show an employment or training-related need, have access to a reliable vehicle upon obtaining their driver license, and include obtaining a driver license in their Individual Employment Plan can receive one-time assistance with the expense.

Housing Assistance- support of housing expenses shall include a plan that demonstrates the customer's ability to pay the remaining balance (if applicable) and the expense in the future without assistance.

Utilities- utilities necessary for daily living such as electricity, water, and gas may be paid together in a single month or for no more than two months and cannot exceed the established maximum amount in a 12 month period. For example, an electric bill and a water bill may both be paid if together they do not exceed the established maximum amount.

Communication Expenses- <u>expenses necessary to assist towards the cost of telephone, cell</u> phone and internet charges. Amount will be applied to basic plans, not additional added features <u>costs.</u>

Work-Related Expenses – Work-related expenses may be paid in advance or as a reimbursement if necessary for a participant to accept or retain employment paying at least the federal minimum wage. Such expenses include those listed on Attachment A- Support Services Limits, Allowable Support Services Column. . More expensive items such as tools and work boots will require verification from the employer that these items are required.

Service Provider(s) must have in place the directive in place outlining the procedures for advancement or reimbursement payments.

Support Services Not Allowed

<u>No program funds will be authorized for reconnection fees, deposits for utilities, communication expensesor housing, long- distance telephone bills, utility bills more than two (2) months past due, traffic fines and/or penalties, damages, and other settlements resulting from violations (or alleged violations), personal vehicle payments, or vehicle title fees (registration).</u>

Limits and Other Support Services

Exception requests for supportive services that exceed Board limits may be submitted to Board President/CEO, Deputy Director, or designee. These requests must be submitted **prior to** payment request with written justification on a case by casebasis.

Board professionals also reserve the right to make final determinations regarding this policy based on changes to federal/state laws and regulations, program guidelines, or Board discretion.

For NDWG, WFSCB reserves the right to implement a support service schedule to quickly implement programs and extend support services to the affected eligible populations and communities named on the specific NDWG. The President/CEO will approve the NDWG support service schedule which may include adjustments to limits on amount and frequency of allowable support services.

The President/CEO may also approve allowable support services to be adjusted on limits for amounts and frequency during a declared economic condition/crisis and/or a natural disaster, for program eligible participants.

Methods of Payment

No payment of support services, with the exception of reimbursements, will be made directly to the participant. Receipts are required and must be maintained for all reimbursements. All other payments are payable directly to the vendor after receipt of invoice. Payment methods are limited to gas cards, credit card payments, checks and incentive cards. Other payment methods not listed, must be pre-approved by WFSCB Chief Financial Officer.

Service Provider must ensure protocols are in place for issuing support services to an individual

other than the participant. At a minimum these protocols must address hardship or extenuating circumstances to document the issuance.

Termination of Support Services

Support services are terminated based on the following reasons:

- Immediately upon determination of failure to meet program requirements;
 - Support service system is being abused;
- Support service funding is not available;
- Individual is making unsatisfactory progress;
- Re-determination of financial need reveals individual has other resources to meet needs or no longer needs the service; or
- Individual exceeds income eligibility guidelines or other eligibility criteria.

Overpayment

If overpayment to an individual occurs, the Service Providers will include, at a minimum, the following action(s) as appropriate:

- Deductions of the overpayment from future payments; or
- Written notification(s), via certified mail, of the overpayment and reasonable repayment arrangements to collect;
- If overpayment is not recovered after sufficient notice via certified mail, the participant will be notified that legal action may be taken unless repayment is received within 30 calendar days; and
- If overpayment is not recovered, the participant will not be eligible for any support service until such funds are repaid.

Contracted Service Provider Action Required

Contracted Service Providers will establish support service procedures according to the policy stated above and consistent with the regulations of each specific funding source. Procedures will remain on file and be provided to all appropriate Career Center staff and any subcontractor or training provider who may be affected. The Contracted Service Provider will ensure that all Career Center staff and subcontractors are trained on the support service policy and procedures, as appropriate

N. PROCEDURES:

Determination of Need

Support services shall not be provided without an individual participant's determination of need. The net result of this determination must validate the need and amount of any services awarded.

Procedures to determine an individual's need, at a minimum, should include:

- Determination of the individual's financial need for theservice(s);
- Justification of service(s);
- Support of the final decision to provide or deny requested service(s);
- Assurance that the amounts paid for the various allowable support service items are reasonable and consistent with Board, Federal and State regulations;
- Provisions to ensure services being paid for are not otherwise reasonably available to the individual from other resources;

- Provisions to ensure the financial information provided by the individual is reasonably accurate;

- Requirements for recurrent payments, such as transportation, child care, etc., to ensure continued receipt of support contingent on training attendance and/or performance.

Documentation

Documentation of resource exploration and rationale for approval, non-approval, and termination of support services provided to individuals will be entered in TWIST for tracking purposes. The participant's IEP will also support the services the participant needs to be successful. Referral to other community resources and results of those referrals are also to be apparent in the file.

Allowable support services that are limited to a one-time expense require documentation in TWIST and the support service voucher that states the date of the last time the individual received the one-time payment or states no payment received in the last 12 months. The date last received must be at least 12 months from the date the request is made.

Targeted Occupations List 2019-2021

The targeted occupations list is developed by Workforce Solutions of the Coastal Bend (WFSCB) to identify the most effective use of local workforce development resources. Sources of information for the target list are local area employers, economic development entities, chambers of commerce, community partners, Texas Workforce Commission labor market information specific to the Coastal Bend region, and knowledge gained from continuous contact with the above sources.

Significant occupational factors include; current and projected employment in the occupation, a selfsufficiency wage, and specific vocational preparation time for the occupation, usually less than two years. Employment demand for the occupation offers reasonable expectation of employment following vocational preparation. The list does not include other higher paying jobs for which longer vocational preparation is required.

The range in the listed training period is only an estimate and in some cases may represent classroom training, on-the-job training or a combination of both. The typical limit of vocational training funded by WFSCB is less than two years. Occasionally WFSCB may fund the last year or two of a longer program with the understanding that the trainee is job ready at the end of the funded training.

WFSCB uses this list for approved training provided to workforce program-eligible participants. Job seekers must visit our centers to determine eligibility for training through Workforce Solutions of the Coastal Bend. Eligibility is not an entitlement to funding. Training providers must apply to the State's Eligible Training Provider System (ETPS) to provide training services funded by WFSCB for the listed occupations.

When funds are available for incumbent worker or on-the job training, employers may apply to WFSCB for such training. Although incumbent worker and on-the-job training do not require the occupation to be listed on the targeted occupations list, priority will be given to employer applications for training in the listed occupations. Funded on-the-job training wage reimbursement is limited to one to three months due to the expense of the training. Incumbent worker training does not include employee wages and may be longer than three months.

Certain occupations listed may show an entry level wage less than \$12.00 per hour, but are in high demand in the region. Training for these positions should be provided only as part of a career ladder. Training is available for Armed Security Guards only. Training for elementary school teachers does not include childcare workers. CDA training may be available through childcare funding.

Emerging Technologies and occupations related to wind energy, environmental technology, alternative fuels, alternative product uses and reuses has been included on the list. This category of occupations is designated in anticipation of new and evolving commercial technologies. Occupations must require more than simple demonstration training and pay at least \$12/hour to be eligible for workforce training funds.

VIII. Purchase of Outdoor Learning Environments

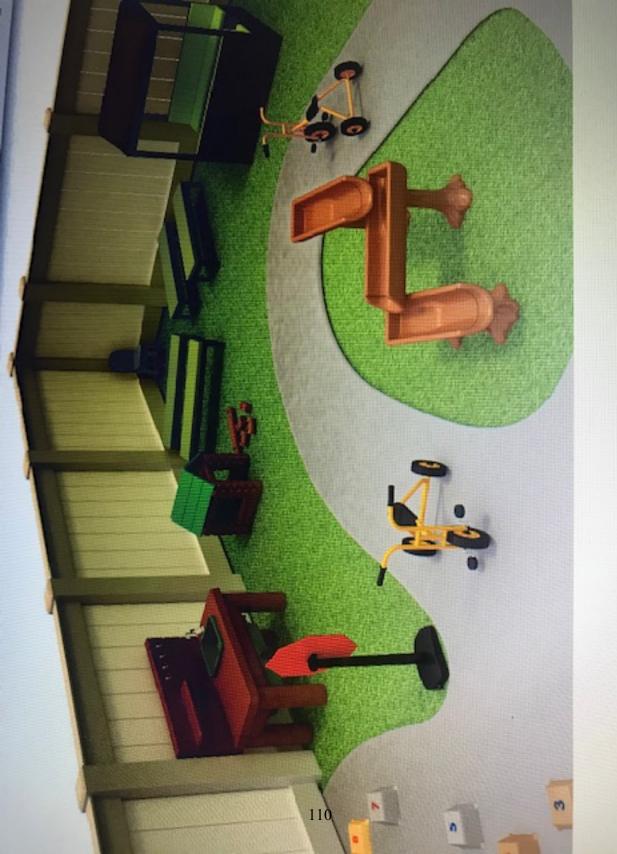

BACKGROUND INFORMATION

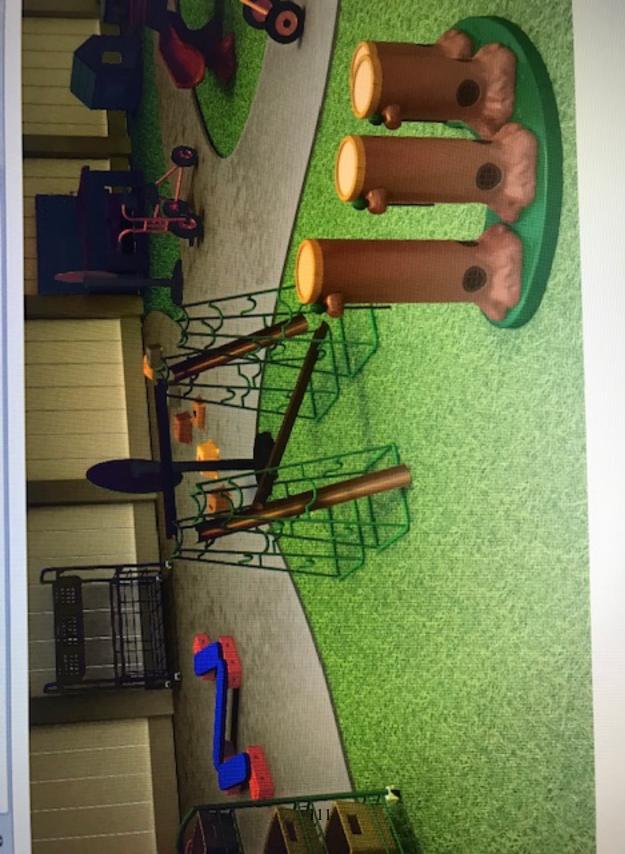

Learning environments (indoor and outdoor) are one of the areas in which child care centers who are designated as Texas Rising Star (TRS) certified must be observed in annually. The purpose of the outdoor learning environment is to serve as an extension of the indoor classroom. Outdoor learning environments are "outdoor" classrooms. Art, math, reading, and science learning objectives can be introduced to children in the child care center classroom and continued while the children are outside. These activities are called "Play with purpose".

Board staff would like to purchase outdoor learning environments for 9 TRS child care centers located in Alice, Beeville, Corpus Christi, and Sinton, Texas. The outdoor learning environments will include designated areas for art, music, reading, science, basketball hoops, balance beams, and alphabet stepping stones. The estimated cost of the 9 outdoor learning environments will be \$154,455.66.

RECOMMENDATION

The Child Care Committee recommend to the Board of Directors the approval of the purchase of the 9 outdoor learning environments that will be placed at TRS certified child care centers in Alice, Beeville, Corpus Christi, and Sinton, Texas.

XV – 9. Authorized the President/CEO to Execute a Contract for Legal Services

BACKGROUND INFORMATION

The Board's contract for legal services will expire on September 30, 2020. A Request for Qualifications (RFQ) was issued on July 7, 2020 to procure legal services.

As a result of the RFQ, we received two responses. The responses were received from our current legal firm of Wood, Boykin & Wolter, P.C. and Martin & Drought, P.C.

The responses were reviewed and evaluated based on the following criteria: Qualifications, Knowledge, and Experience; Demonstrated Ability/Effectiveness; Reference/Past Experience; and Cost Reasonableness. Points were also awarded if the respondent was certified by the State of Texas as a HUB (Historically Underutilized Business).

Based on the evaluation results, the response from Wood, Boykin, & Wolter, P.C. was rated the highest.

RECOMMENDATION

Board of Directors authorize the President/CEO to execute a contract for Legal Services with the law firm of Wood, Boykin & Wolter, P.C. as the provider of legal services. The award of the contract with Wood, Boykin, & Wolter, P.C. is subject to successful contract negotiations. The contract will be awarded for a period not to exceed twelve (12) months and may be renewed for three (3) additional one-year periods beyond the original acceptance/award, for a total of four years.

XV - 10. Authorized the President/CEO to Execute a Contract for the Economy and LMI Tool

BACKGROUND INFORMATION

WFSCB has used this tool for over six years and has experienced great success. The tool is used to determine jobs in demand. WFSCB has created specialized reports on demand for local education entities and economic development organizations, as well as for our own planning. Since we have exhausted all contract renewals, it was time to test the market.

On March 3, 2020, WFSCB issued a Request for Quotes (RFQ) to see what other products are available. As a result of the RFQ, we received four (4) responses.

WFSCB evaluate the responses based on the following evaluation criteria: Responsiveness to the RFQ; Experience; Demonstrated Ability, and Cost. Respondents could earn additional points if they are certified by the State as a Historically Underutilized Business (HUB).

Based on the evaluation results, the response from Economic Modeling, LLC. (d.b.a. Emsi) was rated the highest.

RECOMMENDATION

Board of Directors authorize the President/CEO to execute a contract for the Economy and LMI Tool with Emsi. The award of the contract will be contingent upon successful contract negotiations. The contract will be awarded for a period of 12 months and may be renewed for two (2) additional one-year periods beyond the original acceptance/award, for a total of three years.

If identified, the data will be entered into TWIST with the supporting documentation and a DINT will be requested with TWC to ensure these cases are counted in our numerator. Furthermore, implementation of a closeout checklist by C2 will be shared with all staff which will assist in staff awareness of each case/customer who is closed out without successful attainment of credential attainment or employment and how this impact our BCY 21 performance. As these cases are identified by both management and staff, review of the expected follow up services necessary to ensure these customers obtain a successful completion.

Reemployment and Employer Engagement Measures

N/A Claimant Reemployment Within 10 Weeks

The percent of monetarily eligible, registered initial claimants subject to work search reemployed within 10 weeks.

N/A <u># of Employers Receiving Workforce Assistance</u>

The number of employer reporting units served.

Special Note: In August 2019, TWC implemented a replacement for its WorkInTexas.com online labor exchange system. Unfortunately, TWC is currently unable to connect employer service data across the old and new systems, which prevents us from accurately reporting performance at this time. When the issue is resolved, we will begin reporting this measure again.

Program Participation Measures

MP Choices Full Work Rate

The % of Employment Expected Choices Families that meet their Participation Goal exclusively thru paid employment (or school for teens) supplemented by Employment Preferred Families and those in the 2 month Ramp Up phase who meet participation exclusively thru paid employment (or school for teens)

MP Average Number Children Served Per Day - Combined

The Average Number of Units of Low Income, Transitional, Homelessness, Choices, TANF Applicant, SNAP E&T, and Former DFPS Child Care paid for or subsidized by CCDF or Title XX funds during the performance period.

Special Note: In April 2020, TWC started a special short-term, COVID-19-related childcare program to serve the children of Essential Workers who might not normally qualify for subsidized childcare. Because this was a limited program that provided 3 months of care to all enrolled children of Essential Workers (regardless of the day they started care), TWC is reporting this data as the unduplicated number of children served through the program rather than the number per day.

1. In August 2019, TWC implemented a replacement for its WorkInTexas.com online labor exchange system. Unfortunately, TWC is currently unable to connect employer service data across the old and new systems, which prevents us from accurately reporting performance at this time. When the issue is resolved, we will begin reporting this measure again.

3. In April 2020, TWC started a special short-term, COVID-19-related child care program to serve the children of Essential Workers who might not normally qualify for subsidized child care. Because this was a limited program that provided 3 months of care to all enrolled children of Essential Workers (regardless of the day they started care), TWC is reporting this data as the unduplicated number of children served through the program rather than the number per day.
